Hizb ut Tahrir Delegation visits Professor Mohamed Manyora after he was Involved in a Car Accident

On Thursday 4 September 2018, Islamic party of Hizb ut Tahrir / Kenya paid a special visit to console Professor Mohamed Manyora (former known as Hermon Manyora). Prof. Manyora was admitted in Mater Hospital in Nairobi city where he is being treated and recuperating after being involved in a car accident that lead to his head injury.

The visit was led by the Head of Central Contact Committee of Hizb ut Tahrir / Kenya Arkanuddin Yassin accompanied by Shabani Mwalimu – Media Representative of Hizb Tahrir in Kenya and Yusuf Ghasana – Member of Hizb ut Tahrir / Kenya.

Prof. Manyora is a lecturer in the University of Nairobi and an influential political analyst on Kenyan television. Few days before his accident Prof. Manyora had embraced the light of Islam – Alhamdulillah. Indeed his action needs to be acknowledged as it confirms the pure thoughts emanating from the ideological Islam despite a scathing campaign from the West against the Laws of Islam. It is crystal-clear notwithstanding the Western plots against Islam, there are brains like that of Prof. Manyora that can separate between the truth and falsehood and valid and invalid and finally to embrace the justice.

The delegation from Hizb ut Tahrir /Kenya concluded the visit by handing him gifts of some Islamic books including those of Hizb ut Tahrir. Furthermore, supplicated to Allah (swt) to heal Brother Manyora so that he may embark on his daily activities and to have an opportunity to study Islam and to remain in the truthful, which is the best path to follow.

﴿فَمَنْ أَسْلَمَ فَأُولَٰئِكَ تَحَرَّوْا رَشَدًا﴾

“And whoever has become Muslim - those have sought out the right course.” [Al-Jinn: 14]
