The Security Forces in the City of Al-Obeid Have Arrested Ustadh Nasir Ridha Repeating Last Year's Scenario

(Translated)

Police forces in the city of Al-Obeid, North Kordofan, arrested Ustadh Nasir Ridha, Head of the Central Communications Committee of Hizb ut Tahrir / Wilayah of Sudan, from Al-Kabeer Masjid, and surrendered him to the security and intelligence apparatus. This was after his lecture on the 98th anniversary of the destruction of the Khilafah (Caliphate) in Rajab. In his lecture he explained the situation of the Muslims after the destruction of the Khilafah; the humiliation and the weakness caused by the colonial Kuffar, fragmentation of the country and plundering of wealth, with the help of their tails, the Muslim rulers. He called upon the worshipers in the lecture he delivered after the noon prayer on Tuesday 19/03/2019, to work to restore the Khilafah Rashida on the method of Prophethood, so that Islam and Muslims can redeem their glory. The security services also summoned Ustadh Al-Nazir Mohammad Hussein, a member of Hizb ut Tahrir.

What the police and security forces did in Al-Obeid city is the ugly act itself, which is contrary to Islam, which is an obstruction to the path of Allah, and supporting the falsehood that they did on the anniversary of the destruction of the Khilafah last year. When they arrested the official spokesman of Hizb ut Tahrir / Wilayah of Sudan, and 15 members of Hizb ut Tahrir, and filed cases against them maliciously, that ended with the declaration of their innocence, and cancellation of the cases against them. Now they are repeating the same scenario, in a desperate attempt to prevent the party from delivering the truth to the Ummah, which reached the conviction of the invalidity of these regimes and their corruption and injustice, which came out from all parts of Sudan, seeking to overthrow the regime, which is ailing, and in enmity with the people of the truth, and hates advice and those who provide it. In fact it fights Islam in the hope of pleasing the Western Kuffar, especially America, despite their knowledge that Hizb ut Tahrir members are not scared of prisons or detention camps, because they are seeking Al-Rahman's pleasure, and consider the harm inflicted on them, as action that draws them closer to Allah (swt).

Whatever the wrongdoers do, and put the barricades in front of the call of truth, the dawn of the second Khilafah Rashidah (rightly guided Caliphate) on the method of the Prophethood, has appeared on the horizon, promising the end of the oppressive regimes, and the weak cartoonish states of destruction.
