

### Press Release

## **Reject Secularism and Establish the Khilafah (Caliphate) that Implements Islam**

(Translated)

Similar to what took place in Tunisia and Egypt following the outbreak of spontaneous revolutions that were hijacked by secularists, Sudan now is going through an open secularism that is challenging the Islamic creed, and contradicting the Islamic systems and rules. These secularists move like snakes squirting their fatal venom among the people, disseminating their filth with destructive concepts, imposed by the power of the law; which turned the revolution from a revolution against injustice and the "bearded secularism" to a revolution against Islam and its concepts about life.

The Muslims in Sudan have come out against those who traded in the name of Islam, to be re-afflicted with rulers who are hostile to Islam and rule by that which Allah did not reveal, in a state that implements blatant secularism and spreads its destructive ideas. Their plans aimed at the backbone of the family (the chaste Muslim woman) were exposed. Their practices, slogans and terminology have spread, and if allowed to dominate, they will destroy everything they come across.

Secularism is a man-made system, which is filled with what inflicted its advocates; from shortcomings, impossibility of achieving full comprehension and correct explanations. Secularism is built upon the doctrine of separating religion from life, which was the making of the colonial kafir West, to move forward in the path of falsehood in a blatant challenge to Allah, the Lord of the Worlds. And it wants the Muslims to follow suit, but will Muslims be patient over the implementation of this decadent system in their lands?! Or will they rise to be the servants of Allah, as Allah wanted from them; believing in the Oneness of Allah (tawheed), sincere and working with the workers to implement Allah's Law?

### **O Muslims:**

The ideas and concepts of Islam in the systems of ruling, politics, economics, social, education and others; are all complete and ready for practical implementation in the Islamic state, the second Khilafah Rashidah (righteous Caliphate) state on the method of Prophethood, that will be established soon by Allah's permission. Your brothers in Hizb ut Tahrir have developed a complete conception of the Islamic life, under the Khilafah (Caliphate) State, and adopted a draft constitution of this state, of 191 articles, derived with the correct Ijtihad from the Book of Allah and the Sunnah of His Messenger (saw) and sources they referred to: Ijma' As-Sahaba (consensus of the companions) and Shariah Qiyas (analogy), and are mobilizing the sons of the Ummah to work to resume the Islamic life by establishing the Khilafah Rashida (righteous Caliphate) on the method of Prophethood.

Because of what our country is going through in particular, and the Islamic Ummah in general, the Media Office of Hizb ut Tahrir / Wilayah of Sudan - Women's Section will launch an open campaign entitled: "Reject Secularism and Establish the Khilafah (Caliphate) that Implements Islam". The campaign will begin, Allah willing, on Wednesday, 24 Safar 1441 AH, corresponding to 23 October 2019 CE; and will include several and various events that will be announced in time, Allah willing. We ask Allah Almighty for success and guidance.
